🌟 ADHD Budget Planner — Zen Sanctuary Guide

A warm, low-stimulation personal finance sanctuary engineered specifically for neurodivergent minds.

1. Device Installation & Offline Setup

iOS Safari Open `https://rehanlabs.github.io/ADHD-Budget-Planner-3/` in Safari. Tap the Share button (square with arrow), then select **"Add to Home Screen"**. This secures your data against Safari's 7-day auto-clear policy.

Android Chrome Open the link in Chrome. Tap the three dots (⋮) top right and select **"Install App"** or **"Add to Home Screen"**.

Desktop & Offline You can also unzip `ADHD-Budget-Planner-Offline.zip` and double-click `index.html` to run 100% locally with zero internet required.

2. Guided Walkthrough with Leo 🧘

Tap the **Leo's Mindful Tour** button in the top bar anytime. Leo guides you step-by-step through setting your pay schedule, managing bills, parking impulsive urges, and creating a stress-free financial habit.

3. Core System Architecture

- **Concentric Radial Allowance Ring:** Glance at your single daily safe spend amount inside a calm circular gauge. No overwhelming spreadsheets.
- **48-Hour Cooldown Hold:** Park impulse buying urges before purchase. Over 80% of neurodivergent shopping urges resolve naturally within 48 hours.
- **Fog Mode:** An ultra-low stimulation warm amber sanctuary mode for high-stress, sensory-overload days. Strips away everything except what is essential right now.
- **Living Costs & Payday Runway:** Automatically reserves mandatory living expenses before calculating your discretionary daily spend.
- **Debt Freedom Calculator:** Visual snowball and avalanche payoff simulators that turn anxiety into forward momentum.

- **Mind Dump Scratchpad:** A zero-friction mental parking lot to capture financial worries, todo lists, and budget reminders.

4. Monthly Data Backups

Your financial data never touches third-party cloud servers; it remains 100% private in your device's secure browser storage. Once a month, visit **Sanctuary Config** → **Download Backup (.json)** to archive your data to iCloud or Google Drive.
